

ParkWatch REPORT

VIRTUAL EQUESTRIAN EVENT
www.parkwatchreport.com

Funds go to support the services provided to public land managers by Park-WatchReport to keep our trails safe, maintained and horse friendly.

*A Virtual Equestrian Event is...

A semi organized ride with no predetermined start time, finish line or prescribed route. Participants pay a registration fee, complete the requirements of the ride and get a one-of-a-kind reward. Virtual rides require no volunteers, trail flagging, permits or parking passes. It's just you, your horse and the open trail.
